WILL VOTE ON SCHOOL ABOLITION

HOUSE YIELDS TO GOVERNOR. RESOLUTION SUBMITS QUESTION AT GENERAL ELECTION.

Oklahoma City, Ok., April 25—The House today revived its resolution submitting to the people whether all of the State educational institutions should be continued and, after eliminating the State University and the Agricultural and Mechanical College by a vote of 65 to 19, adopted it, to be voted upon by the people at the general election in 1914. Representatives from normal and district agricultural school towns say representatives from the university and A. & M. College towns broke faith with them when they saw an opportunity to get those institutions from under the load.

As a probable indication of the feeling in the institutional ranks it was noted that the committee of the whole in handling the maintenance appropriation bill for the State University, immediately following the passage of the resolution, chopped the maintenance allowance an even \$300,000 a year, and cut out \$30,000 for university extension work.

If you Value Your Eyesight, see An Expert Optometrist. I have spent 20 years preparing myself to perfect the refraction of the eye. My modern equipment, backed by this long experience is your Guarantee of Satisfaction. **A. D. COON, Ramsey's DrugStore, Ada, Okla.**

It was also noted that while some of the institutional representatives did not oppose the university, they did not help any.

Gov. Cruce's reported threat of yesterday to veto some of the institutional appropriation bills is said to have suddenly infused life into the dead resolution, which was called up today on a motion to reconsider. On this question Mr. Smith of Pottawatomie, told the House that the Governor would put the House in the hole if it refrained from giving the people an opportunity to vote on abolishment of the schools.

When consideration of the resolution came the House was insistent that all institutions of the educational class be made to stand or fall before the people.

Motions were defeated proposing to hold out the school at Goodwell, Tonkawa preparatory school, school of mines and all of the normal schools. Defeat was also given a motion that in event the School of Mines lost in the election it should be continued as a branch of the university, but at Wilburton.

Support for the Spengler motion eliminating the university and the A. & M. College from the contest was furnished by the declaration that both were institutions which could only be abolished by an amendment to the constitution, and the amendment was adopted by a vote of 50 to 34.

Special Election Defeated

The motion by Mr. Curtis to submit the question at the special election on August 5, was defeated by a vote of 45 to 41.

Mr. Coyne reminded the House that it had permitted the corporations to have an advantage in submitting the new Sec. 9 of Art. 9 of the Constitution at the special election, but was forcing the people on the school question to accept the extra hazard of a special election. Putting the question to a general election the institutional ranks would make it reasonably certain that none of the schools would be abolished. Under the appending plan all sixteen schools go on the ballot for an individual yes and no vote and all upon which there is an affirmative majority vote are to be closed. In general elections majorities are measured by the total number of votes cast for the highest office or proposition, therefore all ballots are not expressed upon the school question would be counted "no."

Gov. Cruce is said to be working out a policy regarding the school situation which differs from that expressed in the Legislature and that he will make it known when he acts on the \$44,000 appropriation bill for the Claremore school tomorrow. Those who talked to him today declare that he will veto the House resolution upon the ground that to submit the abolishment at the general

al election does not permit a fair expression by the people.

Mr. Woodard said tonight that a meeting would be held next week to make plans for initiating a bill which will submit to a vote all normals, three to be abolished, and all of the district agricultural schools. Gov. Cruce has been quoted as saying that he would submit this special election August 5, or if not ready at that time he would call a new election for the school matter alone.

In view of this the Governor may approve all of the appropriation bills. It is declared that should he attempt to abolish institutions by vetoing appropriations the question would be revived when the next Legislature meets, therefore he regards a vote of the people as indicated by the Woodard bill as the only rational way to deal with the question.

MONTENEGRO IN

DEFIANT MOOD

Cettinje, April 25—"Scutari is from today Montenegrin," was the defiant reply of King Nicholas today to the European invitation to surrender the hard-won Turkish citadel.

The King made this statement in the course of a speech delivered from the balcony of the royal palace.

Among the audience were the Ministers of the Balkan States, who came to congratulate him. He added: Europe still think of snatching Scutari from Montenegro, which has given her life and blood to take it, Europe will

have to carry out the task by force of arms."

RICHMOND HOWITZERS WILL ATTEND CHATTANOOGA REUNION

Chatanooga, Tenn., April 25—According to information received here, the Richmond Howitzers, of Richmond, Va., are making elaborate preparations for their trip to Chattanooga, to the reunion, May 27-29, and to other Southern points by invitation. The Howitzers are an old and very famous organization, dating back to the Revolutionary war. In the Civil war they won perhaps their greatest degree of renown, being known for bravery and daring throughout the Army of Northern Virginia. Since the close of that conflict, the organization has been perpetuated by enlistments from younger men, as the ranks became depleted, largely of Sons of Confederate Veterans. The result is that today the Howitzers are composed of every representative young man of Richmond and their appearance at the reunion or other gatherings is welcomed and appreciated.

Senator Echols Will Resign

Oklahoma City, April 25—State Senator R. E. Echols of Elk City, will tender his resignation as a member of the senate to Governor Cruce Saturday. The law firm of Echols and Merrill of Elk City will take charge of litigation for the Wichita Falls and Northwestern and the Rock Island railroad companies in western Oklahoma. Senator Echols, who has served since statehood, is the third member to resign this session, the others being Senators Thompson and Anderson.

SPECIAL NOTICE

The civil service commission has agreed to allow graduates in our agricultural course to compete with students from other colleges for the position of Scientific Assistant in the Agricultural Department. This position pays \$1200 per year to start with. This opens the way for any ambitious young man who has been unable to attend out of the state schools. We teach you during your spare time. Just now California is in the limelight because of the proposed alien land law which is aimed to keep the Japanese from acquiring real estate holdings in that state. Japan is raising a howl about it, although other states have a similar law. Texas enacted such a measure over twenty years ago to make foreign capitalists who had acquired millions of acres for speculation, disgorge and give the people who wanted homes a chance to purchase. An alien must dispose of his real estate within ten years, or else declare his intention of becoming a citizen of the United States. It's object was a good one. Ten English capitalists had no interest whatever in the development of the country and the land would have remained untitled for a century unless the holders were paid a big price for it. During the past ten or fifteen years a marvelous change has taken place in Western Texas. Most of the big cattle ranches have been cut up into small holdings and today thousands of farmers are cultivating land which only a few years ago was the home of the longhorn cattle. On the other hand as the ranches have decreased in size the grade of cattle has constantly improved and a long horn steer in

Texas is about as rare as the Buffalo which at an earlier date roamed over those same parties. Of course the alien land law has not brought about all these changes, but it undoubtedly helped to some extent. Whether conditions in California demand such a law we are not able to say, but the outcome of the proposed legislation will be watched with interest.

ORDER GIVEN FOR DRINKING FOUNTAIN

The order has been given by the enterprising business men and property owners of East Main street for a fine concrete drinking fountain which will be placed at the intersection of Main and Rennie. It will be installed in a month or six weeks, in time for the thirsty days of mid-summer when animals often suffer so much from thirst. With two fountains in Ada the horses should never lack for water at any time. The East Main people are to be congratulated on their enterprise.

CARNEGIE STILL READY

The secretary of the commercial club is in receipt of the following communication from Jas. Bertram, secretary to Andrew Carnegie in reply to a query regarding Mr. Carnegie's attitude towards Ada:

Dear Sir:
"The answer to your letter of April 12th is in the affirmative. The promise still holds."

It is thus seen that the proposition is squarely up to the citizens of Ada. It now behooves the friends of the library to get busy. The president of the commercial club is especially anxious for the ladies' clubs to co-operate in the matter.

It will be noted from the above that Mr. Carnegie still believes in the simplified spelling of one T. Roosevelt.

NEW SECRETARY OF ADA COMMERCIAL CLUB

Ed Gantt has tendered his resignation as secretary of the Ada commercial club, said resignation to take effect at once. The directors of the club have elected E. S. Haraway to succeed Mr. Gantt.

The retiring secretary has been faithful to his trust and diligent in the discharge of his duties. Being the first to hold this office in the present club he has had anything but a soft snap. However, he leaves everything in good shape for his successor. Mr. Gantt has accepted a position with Don Tolbert.

It is fortunate for the club that the directors were able to secure the services of Mr. Haraway. He is in every way qualified to give the club splendid service and the News expects to see it grow in numbers and prestige during his incumbency.

WAY NEW LAWS NOW IN FORCE

FOURTH LEGISLATURE TURNS OUT A BIG GRIST OF LEGISLATION ON ALL SUBJECTS

APPROPRIATIONS TOTAL \$540,103

State Capital Question Settled Forever by Acceptance of the Oklahoma City Gift of Cash and Land—Cruce Uses Ax

Although the regular session of the Fourth Legislature of Oklahoma adjourned with practically none of the regular supply bills passed, and without having followed practically any of the recommendations of Gov. Cruce in his message at the opening of the session, a large number of bills were passed, covering a multitude of subjects in addition to the numerous investigations held and the several impeachments conducted. The appropriations for the session totalled over half a million dollars, but most of the supply bills were left over for the special session.

A large number of bills met with the Governor's veto, and a number of others were allowed to die on his desk. Among these were the Muskogee fair bill and the congressional reapportionment. The most important legislation to the people of the state at large was the acceptance of the Oklahoma City donation of money and lands with which to build the state capital, thus settling forever the capital controversy.

All the bills and resolutions passed, which received the governor's approval and have become law are briefly enumerated below. Those marked Emergency became effective upon the governor's approval. All others will go into effect ninety days later, after the publication of the official volume of the new laws.

RESOLUTIONS.

Senate Resolution No. 5, calling on the state board of affairs for a report on the status of the school for the Deaf at Sulphur.

H. R. 6, inviting William J. Bryan to address the house.

S. R. 7, inviting Thomas R. Marshall to address the senate.

H. R. 17, to appoint committee of six to investigate the Sulphur School for the Deaf.

S. R. 15, by Harlan and Coyne (of the House) asking Kansas legislature to co-operate in highway laws along border.

S. R. 9, by Thomas, authorizing board of affairs to perfect title to all property owned by the state.

H. R. 21, by Wyand and Garrett (of the Senate) authorizing Muskogee Water Company to build a dam across Grand River near Fort Gibson and necessary canals, etc., to develop power.

S. R. 12, by Carpenter, Sutherland, Barrett and Hixson, asking President Wilson to remove federal officials who interfered in state elections, through the grandfather clause cases.

S. R. 14, by Thomas, Williams and Haynes (of the House), memorializing the U. S. reclamation service to proceed with the Lawton project.

S. R. 16, by Thomas, memorializing Congress to deed to consolidated school fund 33,525 acres of non-agricultural lands in state.

S. R. 18, by Russell, requesting senators and representatives in Congress to secure special postage rates for "Publicity Pamphlets."

S. R. 21, by Thomas, providing for placing an Oklahoma tablet in the Washington monument.

H. R. 3, by McCrory, favoring a constitutional amendment to elect senators by popular vote.

S. R. 22, by Vandever, Williams and Curry (of the House) memorializing Congress for a \$25,000 appropriation for agricultural demonstration.

H. R. 26, by Curry, creating Arkansas River Shallow Water Commission.

S. R. 7, by McMechan, accepting on behalf of the state of \$100,000 cash and 60 acres of land, donated by Oklahoma City, to build a capital building.

BILLS.

S. R. 3, by Roddie, Rexroth, Emanuel, Hunter and King (of the House) to hold election on constitutional amendment, allowing a railroad in the state to sell its property to one outside the state, provided the corporation commission approves.

H. R. 11, by Cook and Memminger (of the Senate) directing county treasurers to retire bonds issued to meet current expenses.

H. B. 61, by Emanuel, appropriating \$5,000 for mileage and per diem of senators and representatives and contingent expenses. Emergency.

H. B. 62, by Emanuel, appropriating \$20,000 for the salaries of senators and representatives. Emergency.

S. B. 58, by Memminger, appropriating \$10,000 per diem and mileage of senate and employees, and investigating committee of the extra session of the senate preceding the regular session. Emergency.

S. B. 4, by Barrett and Edmondson, providing mileage and per diem, \$2,000, for county delegates to State Farmers' Institute. Emergency.

S. B. 67, by Thomas, attaching Cotton county to the Fifteenth judicial district and providing court terms. Emergency.

S. B. 69, by Thomas and Barrett, appropriating \$74,400 to pay salaries of district court stenographers. Emergency.

S. B. 79, by Barefoot and Garrett, defining crime of burglary by explosives and providing punishment of twenty to fifty years. Emergency.

S. B. 68, by Thomas, provides for transferring cases from district and county courts, where a part of a county is attached to another county or a new county created. Emergency.

Each of the three normals of the east side, Southeastern, East Central and Northeastern had two contestants. Miss Cooper represented this institution in the contest at Durant. Her score was 96 1-3. In the state contest to be held later she will represent the east side of the state against the representative from the west side.

Kindergarten Union to Meet

Washington, April 25—Announcement was made today of the completion of all arrangements for the twentieth annual convention of the International Kindergarten Union, which will meet in this city next Tuesday for a session of four days. The convention will be attended by delegates from many parts of the United States and Canada and from several of the countries of Europe.

Morning and afternoon sessions will be held at the New National Museum, while the evening sessions will be held at Continental Memorial Hall. The sessions will be presided over by the International president, Miss Mabel A. MacKinney of Brooklyn. Miss Julia Lathrop, chief of the Federal Children's Bureau, will be one of the leading speakers. One of the attractive features of the program will be a mammoth festival of children's songs and games on the grounds of the National Museum.

NORMAL NOTES

By MOIKE CASSIDY

The band boys are as busy as bees with the numbers of the program planned for the minstrel performance which they will give in about four weeks. A glance at the program will give some idea of the character of the performance. It is as follows.

PART I.

Minstrel Overture.
Dialogue—Ends & Interlocutor.
Quartet—"Lady Chloe"
Dialogue—Ends & Interlocutor.
Brass Quartette.

PART II.

King of the Canibal Islands.—10 characters—2 acts.

PART III.

Moonlight in Alabama; plantation moonlight scene; Songs—Old Kentucky Home, Suawnee River and Dixie clog and buck-wing dancing.

PART IV.

Garden of Sunflowers.
Song—Mammy Loo.
Spectacular.

This is to be absolutely high class for an amateur performance. Every part is absolutely new—nothing stale. Get ready for it—its a cummin.

The normal baseball boys are anxious and waiting for the big game tomorrow with the State Agricultural College. Limber Bill McDaniel, the noted catcher for the teachers, cut off the end of one of his fingers a day or two ago, and he likely will not be able to be in the game. Frank Jones, who did such good work behind the bat yesterday, will receive again tomorrow. Jones is right there with the goods, too, though he does not have the throwing arm that Limber Bill has. It is possible that Bill will be put in the left field, since Reed has taken a slump in his fielding in the last two games.

Pat Jones will start the twirling stunt for the home team. Pat is in the pink of condition, and he believes he can prevent the sons of the soil from connecting with his mysterious slats enough to do any damage.

The rest of the line up will be the same as in the previous games.

This promises to be the hardest fought game of the season. It will be called at 4 o'clock in order that the business men may get out after the farmers begin to leave town.

This will mark an epoch in athletics for East Central for East Central will play the best teams of the state. Such games as this should by all means draw a record crowd every time we play.

President Briles and the committee appointed by the Commercial Club to confer with the Governor and ask him to sign our appropriation bill. returned last night. The committee

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension.

Mother's Friend, a famous external remedy, is the only one known that is able to reach all the different parts involved. It

is a penetrating application after the formula of a noted family doctor, and lubricates every muscle, nerve, tissue or tendon affected. It goes directly to the strained portions and gently but surely relieves all tendency to soreness or strain.

By its daily use there will be no pain, no distress, no nausea, no danger of laceration or other accident, and the period will be one of supreme comfort and joyful anticipation. To all young women Mother's Friend is one of the greatest of all helpful influences, for it robs childbirth of all its agonies and dangers, dispels all the doubt and dread, all sense of fear, and thus enables the mind and body to await the greatest event in a woman's life with untrammelled gladness. Mother's Friend is a most cherished remedy in thousands of homes, and is of such peculiar merit and value as to make it essentially one to be recommended by all women.

You will find it on sale at all drug stores at \$1.00 a bottle, or the druggist will gladly get it for you if you insist upon it. Mother's Friend is prepared only by the Bradford Regulator Co., 137 Lamar Bldg., Atlanta, Ga., who will send you by mail, sealed, a very instructive book to expectant mothers. Write for it to-day.

consisted of Jurgs McKeown, Rev. Stubblefield, W. C. Duncan, W. E. Hardin, S. M. Torbett and Joe Biles.

The committee had an audience of one hour with the Governor yesterday at 2:00 o'clock. The Governor did not express himself or indicate in any way what action he would take in the matter, but the general impression is that he means to sign the bill. The Governor stated that if he signed the bill that he would send the pen to the school as a souvenir. The engrossed bill was on the Governor's desk and it carries an appropriation of \$79,000 for the two years. This is the most liberal appropriation that the school has had and will afford opportunity for considerable investment in additional equipment. Perhaps the most remarkable characteristic of the East Central State Normal is the excellent spirit of the student body. The members of the committee from the House and from the Senate have been very complimentary in their remarks about the school in this particular. The following letter just received from an East Central pupil, who is temporarily absent and serving as Page in the Senate, gives some idea of the impression that is being left with our Legislators. "Such expressions as 'Ada is the best little city in the state,' 'The normal location is simply magnificent,' 'One is imbued with the spirit of true Southern hospitality,' and most important of all—I have always been somewhat prejudiced against the Ada returned last night. The committee Normal; now, however, I am one of

I asked Senator McClintic how he liked our normal school, but the greater part of the reply was taken up with complimentary remarks about our president. In fact, he was so complimentary that, if I were writing to some other friend, I might say, "You certainly made a 'hit' with the Senate Committee."

NORMAL BALL TEAM DEFEATS ELKS 6 TO 3

In their second dash of the season on Thursday afternoon at the normal park, the normal boys outplayed the Elks and won 6 to 3.

Jones for the teachers pitched league ball, not allowing a hit or a run and striking out seven of the Elks in five innings. He was relieved in the sixth by the renowned "Curley" Ligon, who kept them guessing until the last frame.

The trouble was started by an error along third base, followed by another in the field which allowed Otie Davidson a three bagger that should have been only a single.

The feature of the game was in the second inning when the "irresistible lilliputian", Claude McMillan, knocked a clean three bagger with two men on bases.

The pitching of Chauncey was good, not allowing more than two hits in any one inning, but he failed to tighten up when it meant a score for the teachers.

Ralph McMillan, that shortstop who plays irregular sometimes, played a fine game in this position yesterday. Ben Tolbert (Elk rose) is a star on first and can usually be depended upon to connect with one when the score is tied.

MEET TO DISCUSS SOUTH'S WELFARE

Atlanta, Ga., April 25—Hundreds of delegates, all men or women of earnest thought, devoted to the best interests of the South and of the country at large, have gathered in Atlanta for the second annual meeting of the Southern Sociological Congress. The Congress was organized in Nashville last year as a result of a call by Governor Hooper of Tennessee, who is still the president of the organization and will preside over the sessions of the present meeting.

Following are opening formalities this evening the sessions of the congress will be continued until next Tuesday. In addition to the general sessions, there will be numerous sectional meetings or conferences, at which the six themes of the congress will be given especial attention. These themes include the child welfare, public health, organized charities, courts and prisons, negro problems and church and social service.

No sessions of the congress will be held tomorrow, but Sunday will be a very busy day for the delegates. In the forenoon the pulpits of practically all the leading churches of the city will be occupied by well known divines and other prominent speakers among the visitors. The feature of the afternoon will be a great mass meeting at which social service in all its phases will be the subject of addresses by men and women well qualified to speak on the topics assigned to them.

Four mass meetings will be held Sunday evening, two for white and two for colored people. The speak-

ers will include the following: The South's Challenge for a Better Nation, President S. C. Mitchell of the University of South Carolina; The Prevention of Lynching, Governor William H. Mann of Virginia; The Future of the American Negro, Dr. Booker T. Washington and Dr. H. S. Bradley of Worcester, Mass.; Needed Reforms in Criminal Procedure, Dr. Maurice Parmelee of the University of Missouri; A National Movement to Suppress Segregated Vice, Dr. Wilbur F. Crafts of Washington, D. C.; After Care of Mother and Illegitimate Child, Mrs. Kate Waller Barrett of Virginia; A Community Programme for the Child's Welfare, Dr. Hastings N. Hart of New York; How to Relate Church Activities to Social Service, Bishop Robt. Strange of Wilmington, N. C.; The Social Task of the Board of Health, Dr. Oscar Dowling of New Orleans; The Care of Delinquent and Neglected Children, Bernard Flexer, Louisville; The Negro Working Out His Own Salvation, Prof. E. C. Branson of the University of Georgia and the Social Task of the Modern Church, by Dr. W. L. Potat, President of Wake Forest College.

SAGE TEA WILL DARKEN THE HAIR Want Ads

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial results.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be returned if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

SPRING
Lo spring is here and the trees are green,
And everywhere are flowers to be seen
The modest violet and the snowdrop
Gaily deck the valley and the hilltop.

The doves call from morn till night,
The geese northward take their flight.
Everywhere the birds gaily sing
Telling us, in merry note, 'tis spring.

Green is the grass by the winding brook,
Green are the leaves in mossy nook,
White is the wind flower on the hill,
Glad is nature for 'tis Gods will.
